

YouTube TV Live Guide Not Showing Up? Here's how to fix it.

1. Open up YouTube TV on your steaming device
2. Scroll over to the Blue Circle in the top right and select this (This is your personal profile account)
3. Scroll to "Settings" and select
4. Scroll to "Area" and select
5. Scroll to "Current Playback Area" and select
6. At this point you are searching for the Current playback area for your streaming device.
7. Now you will need your cell phone, I-pad, or computer
8. Go to the web browser and type in the web address tv.youtube.com/verify
9. It will ask you to go to your login account for YouTube TV. Select your account
10. At this point it wants to verify where you are located, once you verify the location, the YouTube TV Live guide will update on your streaming device.

Note: It is important that you follow these steps on each streaming device you have in your home.
